

DIRECTORY OF SERVICES FOR PERSONS WITH DEVELOPMENTAL DISABILITIES

TELEPHONE & ADDRESS DIRECTORY

October 2005

Prepared by
Montana Council on Developmental Disabilities
Available on the Web: www.mtcdd.org

Montana State Library

3 0864 1003 5220 5

TELEPHONE & ADDRESS DIRECTORY

The purpose of this directory is to provide a telephone and address list of the organizations and agencies that provide services and/or support to people in Montana with developmental disabilities. The directory is limited in scope by being a telephone and address directory; it is suggested that you contact the individual organization for specific information on the services that they offer.

HOW TO USE THIS DIRECTORY

The directory is divided into sections, with each described below. It is hoped that this layout will allow you to easily locate the information desired. Sections are:

Definition of Developmental Disabilities: The Developmental Disabilities Program adheres to the State definition of developmental disabilities, as defined in the Montana Codes Annotated (MCA) 53-20-202, to determine eligibility for contracted services. (Page 2)

Developmental Disabilities Program Offices: The Developmental Disabilities Program is one of several agencies within the Department of Public Health and Human Services. It is directly responsible for providing, or contracting, for services for people with developmental disabilities. The agency consists of five (5) regional offices, four (4) satellite offices and the state central office. All offices of the agency and its employees are listed. (Pages 2-11)

National Resources: A listing of names and phone numbers of commonly accessed national resources. (Page 12 - 13)

Contracted Community-Based Service Programs: Many Montana communities offer an array of services to people with developmental disabilities. This list of contracted organizations is grouped by region and then alphabetized by town with the provider's name and phone number. (Pages 14-17)

Telephone and Address Section: This section is alphabetized by organization and lists the address, telephone number, contact person, e-mail address and website for the organization. **Area code for the State of Montana is (406).** (Pages 18-57)

Services Provided Section: This section is a listing by services provided with each organization name, city and phone number that provides the service. (Pages 58-66)

Special Education Schools and Cooperatives are listed at the end of the directory. (Pages 67-75)

DEVELOPMENTAL DISABILITIES DEFINITION

Developmental disabilities affect many Montanans. Mental retardation, autism, cerebral palsy, and epilepsy are some conditions commonly referred to as developmental disabilities. The definition of "developmental disabilities" as legislatively defined in section 53-20-202 of the Montana Codes Annotated (MCA) is:

"Developmental disabilities" means disabilities attributable to mental retardation, cerebral palsy, epilepsy, autism, or any other neurologically disabling condition closely related to mental retardation and requiring treatment similar to that required by mentally retarded individuals if the disability originated before the person attained age 18, has continued or can be expected to continue indefinitely, and results in the person having a substantial disability." (53-20-202, M C A, 1979)

DEVELOPMENTAL DISABILITIES PROGRAM OFFICES

Note: The State of Montana will be transitioning from state.mt.us to mt.gov for all official web site addresses and e-mail addresses. The transition begins in December 2004 and will be fully completed by December 2005.

 Services: Psychiatric care for children and adolescents; medical genetics services

Contact: Karen Eliason, Admissions - Child & adolescent Psychiatric Services

Ellen Livers, Administrative Director - Medical Genetics Department

Website: www.shodairhospital.org

Shodair Children's Hospital provides **acute and residential psychiatric treatment for children and adolescents**. The hospital currently has 12 beds for patients needing acute care, with a new 20 bed acute care unit opening in 2006. Residential treatment facilities include a 14-bed children's unit (increasing to 18 in 2006), and two adolescent treatment units with a total of 42 beds. The hospital employs five full-time board certified psychiatrists, a psychologist, licensed therapists, nursing staff, certified teachers, mental health technicians, and recreation, play, art, and music therapists in a fully integrated multi-disciplinary treatment model.

Genetic evaluation and counseling provides individuals and families with information about actual or potential inherited diseases and conditions—those that may already have been

diagnosed, or those that patients may be predisposed to develop. The **Medical Genetics** Department offers a variety of services, including patient evaluations, cancer risk assessments, genetic counseling and education. Common reasons for evaluation or counseling can include a variety of conditions, including: birth defects, behavioral abnormalities, familial hearing loss or blindness, abnormal growth patterns, chromosomal abnormalities, congenital, or prenatal exposure to drugs, alcohol, or medications.
